THE STATE OF NEW HAMPSHIRE

TOWN WARRANT

Cheshire, ss:

To the inhabitants of the Town of Walpole qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday, the 14th day of March, next, 1950 at nine o'clock in forenoon, to act on the following subjects:

Article 1. To choose a Town Clerk, one Selectman, for three years, Auditors, Town Treasurer, Road Agent, Collectors of Taxes, Trustees of Public Funds, Surveyors of Wood and Lumber, Fence Viewers, and all other necessary officers.

Article 2. To raise money for the support of the town poor, for town library, for cemeteries, to build and repair highways and bridges, and for such other current expenses as may accrue.

Article 3. To see if the Town will vote to authorize its Selectmen to raise money on notes of the Town for current expenses in anticipation of taxes.

Article 4. To see if the Town will vote to allow a discount on taxes as has been the custom in previous years.

Article 5. To see if the Town will vote to raise and appropriate \$993.20 for Class V roads, the State to contribute \$3,973.13.

Article 6. To see if the Town will vote to raise and appropriate \$404.00 to contribute to the Monadnock Region Association.

Article 7. To see if the Town will authorize its Selectmen to administer and dispose of, and deed any real estate acquired by the Town by tax collectors' deeds.

Article 8. To see if the Town will vote to accept such funds or bequests as have been left to it during the past year.

Article 9. To see if the Town will vote to raise and appropriate \$2,500 to trade the 1941 Dodge truck for a new truck.

Article 10. To see if the Town will vote to raise and appropriate \$4,000 to replace the so-called Wallace Warn Bridge at the foot of Tiffany Hill.

Article 11. To see if the Town will vote to raise and appropriate \$5,000 to purchase a new motor grader.

Article 12. To see if the Town will vote to raise and appropriate \$2,500 to improve and tar the road leading from Hervey Smith's house to the head of High St. at John Parson's property.

Article 13. (A) To see if the Town will vote to raise and appropriate a sum not to exceed \$47,500.00 and to issue its serial notes and bonds therefor, under and in accordance with the provisions of the Municipal Bonds Statute, as amended, for the purpose of erecting on that parcel of land to be conveyed to the Town of Walpole by the North Walpole Village Precinct, a town hall, the same to house among other offices, the library, jail and courtroom. Said bond issue to be paid up in a period of (10) ten years. (B) To see if the Town will vote to authorize the Selectmen to accept such gifts or donations as may be presented or proffered in connection with said town hall. (C) That said bonds and serial notes be issued not prior to April 30, 1950.

Article 14. To see if the Town will vote to raise and appropriate \$1,000 for the support of the Rockingham Hospital at Bellows Falls, Vermont.

Article 15. To see if the Town will vote to raise and appropriate \$500 to improve the road, leading from the corner on the black road opposite the Jacob Damaziak place to Henry Thompson place in Walpole Valley.

Article 16. To see if the Town will vote to discontinue the road leading from the new school to Walpole Station.

Article 17. To see if the Town will vote to raise and appropriate \$500 to protect the shade trees of the Town.

Article 18. To see if the Town will vote to raise and appropriate \$1,000 to paint the Town Hall.

Article 19. To see what action the Town will take in regards to a Town Dump.

Article 20. To see if the Town will vote to raise and appropriate \$438.40 for the Elliot Community Hospital, Keene, N. H.

Article 21. To see if the Town will vote to raise and appropriate \$1,000 to improve the Richard Graves Road.

Article 22. To see if the Town will vote to raise and appropriate \$1,000 to straighten curve situated on Walpole Valley Road, near so-called Bushway Place.

Article 23. To see if the Town will vote to raise and appropriate a sum not to exceed \$2,000.00 to defray the expense of building a vault for storage of Town records and for the purpose of building an office in the Town Hall for the Town Clerk.

Article 24. To transact any other business that may legally come before said meeting.

Given under our hands this sixteenth day of February, 1950.

JOHN E. AYLWARD,
LOUIS BALLAM,
LAWRENCE W. GRAVES,
Selectmen of Walpole.

A true copy. Attest:

JOHN E. AYLWARD,
LOUIS BALLAM,
LAWRENCE W. GRAVES,
Selectmen of Walpole.

SELECTMEN'S REPORT ON TOWN HALL PROJECT

Your Board of Selectmen believe, that in order to clarify a situation which exists in regard to the Town Hall in North Walpole, a thorough review of the entire case should be made. We herewith submit a report on the project.

To obtain a clear picture it is necessary to review the case from the very beginning. In the Town Warrant of 1949 there appeared an article as follows: "Article 23. To see what action the Town of Walpole will take to defray expenses, if the Village of North Walpole should build a new Village Hall and to raise and appropriate money for the same."

The official records of the Town Clerk describe the action on this article as follows: "By recommendation of the Budget Committee, the following is presented: That action on Article 23 be postponed to an adjourned session of the Town Meeting, permitting the people of North Walpole in the meantime to secure definite plans and figures for a proposed building. Mr. Cray moved that the Town raise \$47,500.00 to be distributed over 10 years, covered by a bond issue, to help build a Town Hall in North Walpole, with the help of the North Walpole precinct, and with whatever gifts and donations they may receive. Said Town Hall to house among other offices, the Library, the Jail and the Court Room. Mr. Austin Hubbard offered an amendment that the Town Selectmen approve the plans and figures of proposed building before work should be started. The vote was unanimous in the affirmative."

From the above it is distinctly apparent that the plan received the whole hearted approval of all the voters at one of the largest meetings in recent history. The intent was there and it is to be sincerely hoped that the same spirit will be apparent when the same proposal is presented this year. For although all realized the necessity and the urgency of rebuilding, it was impossible to do so. Everything was done so hurriedly that several very important details were overlooked.

To enumerate all of the requirements of legally putting through such a project would require too much space. However we wish to point out some of the most important details that must be complied with before any bank or bonding company will consider the loan. This we learned from several reputable banks which were most eager to secure the bond issue at attractive interest rates.

The first and foremost item to be considered is the law that requires that in order to issue bonds for a loan the amount of the bond must be so stated in an article in the Warrant. The number of years that the issue is to run must be stated and an accurate count of the votes of those in favor and those opposed must be recorded. Several other factors were encountered that made the project an impossibility.

Among other requirements we wish to list the following:

In order to build a Town Hall or to spend Town money it is necessary for the Village of North Walpole to deed to the Town the land upon which the building is to be erected. The Town must vote to accept the same which is taken care of in Article 13 of the Warrant. The Town must also vote authority to the Selectmen to accept any gift or contribution toward this building. This is also provided for under Article 13 of this year's Warrant.

Even if some bank or individual were willing to accept the bonds of the Town under the present conditions any one individual can issue or cause to be issued, an injunction restraining the Selectmen from any action taken under the vote of last year. Furthermore the Selectmen are personally liable for any illegal action committed knowingly by them. It is not reasonable, therefore to expect them to deliberately lay themselves open to personal suit because of undue haste in this matter.

Of very special importance to every taxpayer is the problem of a Town Dump. At the present time by special permission of the Commissioners of North Walpole, the

dump at Cold River has been made accessible to the whole Town. This agreement expires on April 30, 1950 and consideration should be given to the advisability of maintaining one dump at the Town expense or to the proposition of each precinct maintaining its own facilities. Several sites have been reviewed but a satisfactory centrally located place has been difficult to obtain. A clarified explanation of the new law pertaining to dumps enacted by the present legislature should be presented to the voters by our representatives.

Your attention is also called to the fact that the cottage on the Hooper property is now rented and the income is \$480.00 per year. The attention of the Selectmen has been brought to focus on the fact that this property should be self sustaining and the Board of Selectmen are making preparations for repairs and improvements.

Plans are in the making to market some of the timber on the Hooper Estate to offset some of the expenses of maintenance. There is a good market at present and much of the timber on this place is of a marketable nature. Good business sense would advise current sales.

All Citizens should fully realize that all Town Records are at their disposal at any time. If any taxpayer considers that he is unreasonably taxed, he is cordially invited to inspect the Town Records either at the Selectmen's office or at the office of the Town Clerk where duplicate records are always available.

The installation of a new heating system for the Town Hall turned out to be quite a problem with a limited appropriation of \$3,000.00 to spend. Our first thought was that oil heat would be most practicable and several heating concerns also seemed to think that an oil burner system could be installed for the amount appropriated. After several meetings and much study however, this plan had to be abandoned as far too expensive. As a matter of fact only one concern offered to make the installation, guarantee the result and at the same time keep within the appropriation. We finally decided on the system now being

installed and the Board is confident that it will be satisfactory.

REPORT OF TOWN LOT BEQUEATHED TO TOWN OF WALPOLE BY WILL OF MISS FANNY MASON

In accordance with the instructions of the voters at the last Town Meeting, the Selectmen secured the services of a competent forester and had the entire plot inspected. Mr. Dussault of the State Forestry Department had aerial views taken and spent considerable time and effort to determine a planned project of future cutting and replanting.

Considerable merchantable timber was available for sale but it did not appear advisable to cut it all at one time. As the intent of the will appears to be to maintain a Town Forest and not to destroy it all at once.

Following the advice of the State Forestry Department it was decided to sell that portion of pine, hemlock and oak that grew between the first fence and the railroad. Various estimates of the amount of timber ranged from 125,000 to 200,000 feet.

Bids on this lot were published in the Keene Sentinel and the Bellows Falls Times. As a result eight sealed bids were received. On the evening of Dec. 12, 1949 all bids were opened and the following bids were noted:

1. \$16.21 per thousand
2. \$16.15 per thousand
3. \$15.25 per thousand
4. One bid of \$17.50 for oak, \$15.00 for pine and \$10.50 for hemlock
5. \$13.00 per thousand
6. \$12.25 per thousand
7. \$11.00 per thousand
8. \$7.10 per thousand

The bid of \$16.21 being the highest it was awarded to the bidder.

The right of way through two private properties was successfully arranged.

REPORT OF COMMITTEE ON TOWN LIBRARY

The December Bulletin of New Hampshire Public Libraries contains this item: "In the fiscal year 1948-49 the state library commission granted books valued at four hundred dollars to Walpole, for reference material. Walpole trustees became aware of the need for this material in its main library and its branch at North Walpole. With two active communities within its town limits there was an opportunity for planned purchase duplicating when necessary and supplementing when advisable. Local money was allotted and spent for books from the recommended library lists. State Aid made available additional material. This was particularly valuable as many books were lost when the building housing the North Walpole Branch burned."

The public is urged to make extensive use of this reference material. Miss Bellows calls particular attention to the monthly publication of Current Biography.

Though the cutting of the state library budget curtailed somewhat the books available to town libraries we are still able to get technical books on a wide variety of subjects and we have borrowed two hundred and fifty such books on carpentry, masonry, weaving, forestry, philosophy, biography and travel.

The Walpole Library observed National Art Week in November and exhibitors from Alstead Center, Westmoreland and Walpole showed excellent oils, water colors and stencilled trays.

The ceiling in the basement of the Walpole Library has been completely restored to meet the requirements of the insurance company.

The North Walpole Branch is adequately, if not conveniently, located in the Kilburn School Building. Under the continued effort of Mrs. Frances Hogan a very creditable library is coming in to its own there. They have a collection of over two thousand books and the circulation is increasing each week as more people become aware of the excellent books at their disposal.

Respectfully submitted,
MARGARET P. PORTER,
Chairman.

THE STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the inhabitants of the school district of the town of Walpole qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall, in said district on the 14th day of March, 1950, at 2 o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose two members of the school board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officers and agents of the district.
6. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
7. To choose agents, auditors, and committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the District will vote to add a commercial course in the high school, and raise and appropriate the sum of \$3,000.00 to hire a teacher and purchase supplies and equipment.

10. To see if the District will authorize the school board to sell at public auction, or otherwise at its discretion, such school houses and lands as are no longer needed for school purposes, and to raise and appropriate such income as may accrue for the retirement of bonds and payment of interest during the next school year.

11. To see if the District will vote to raise and appropriate the sum of \$10,000.00 as a deficiency appropriation to meet a bond payment due April 1, 1950 and instruct its clerk to issue a certificate to the selectmen for \$6,500.00, the balance to come from anticipated balance of the current school year.

12. To see if the District will vote to raise and appropriate a sum of money for the purchase of an additional bus for the transportation of school children.

13. To see if the district will authorize the school board to enter into a contract with the school district of Rockingham, Vt., for the payment of high school tuition.

14. To transact any other business that may legally come before this meeting.

THE NEW SCHOOL

The building now being constructed will have the following rooms and space areas:

1st floor: seven classrooms 24' x 35'; four offices for the school nurse, headmaster, guidance and superintendent; toilets for boys and girls.

2nd floor: five classrooms 23' x 35'; one classroom 23' x 34', one classroom 23' x 27', one classroom 23' x 29', and a workroom 23' x 20', two storage rooms and toilets for boys and girls.

Basement floor: two classrooms 24' x 60' for domestic science and physical science, one cafeteria 29' x 60' with kitchen and storage room. A teachers' room and coaches' room with shower and locker rooms for boys and girls. Also two general storage areas.

Auditorium-gymnasium: Clear floor area 70' x 88' with a stage 24' x 45'. Entrance contains a lobby with public toilets and general storage area.

The building is being constructed as nearly fire-proof as possible. Exterior walls are of cinder-concrete blocks with facing. Interior partitions are cinder-concrete blocks. All floors are reinforced concrete with asphalt tile covering in classrooms and certain areas. Stage floor is reinforced concrete with maple flooring laid over. Window and door frames are steel as are all stairways.

The general contractor is the MacMillin Construction Co. of Keene. Sub-contractors are as follows:

Cast Stone: Eastern Cast Stone Company.

Structural steel: Lyons Iron Works.

Roofing: Brattleboro Roofing Company.
 Electrical: S. H. Richards and Son.
 Plumbing: W. H. Bodine.
 Heating and Ventilation: R. L. Galloway.
 Steel Sash: Ceco Steel Products Co.
 Glass and Glazing: Lawrence Plate Glass Co.
 Bar Joists: Ceco Steel Products Co.
 Toilet Partitions: J. G. Waxman and Co.
 Lathing and plastering: P. H. McGranahan.
 Kalamein Doors: J. G. Waxman and Co.
 Millwork: Newport Woodworking Shop.
 Roof Decking: Martin Fireproofing Co.

The general contract for this school amounts to \$279,-852.00. Certain items are being furnished by the school district in order to reduce the cost of the new school as much as possible. Amounts already obligated are as follows: (in addition to general contract);

Water and sewer system	\$4,724 76
Finish hardware	1,910 00
Light fixtures	6,260 61
Bond and insurance	2,426 99
Brick	5,213 60
Fire alarm and clocks	1,400 00
Architect fees	6,000 00
Furniture and equipment	20,000 00

In addition to the above will be costs for window shades, grading of walks and roads, and other expenses. It is anticipated that the total cost for the school will be within the amount raised by the bond issue and the capital reserve fund, plus the gift of the Hubbard family.

That some sharp corners would have to be cut, and things beyond mere essentials would have to be eliminated was evident to the School Committee as soon as preliminary estimates for the new school were on hand to be studied. One of the units that was particularly desirable but perhaps not the most essential was considered the auditorium-gymnasium, and it seemed that though the School District had been generous with building funds for the size of the town, this would have to be omitted.

At this point the Hubbard family came forward with the statement as a memorial to Mildred Hubbard Phipps, daughter of Mr. and Mrs. Ira S. Hubbard, and sister of the four brothers, Oliver J., Austin I., Leslie S. and Donald E. Hubbard, the family as a unit would provide all funds for the gymnasium-auditorium. In accepting this unusual and generous offer the members of the School Board and the Building Committee feel that in so doing they were expressing for everyone in the town not only appreciation, but the thanks of not only the adults, but also of the generations of boys and girls who will daily see and use this expression of generosity and thoughtfulness for the good of the home town of this notable family.

Similarly, at about the same time, the Committee received notice of a gift of \$1,000 from Hervey L. Smith Jr., to be used in connection with the development of the playground side of the school proposition. Here again was evidence from one of the newer citizens of the town that the spirit of constructive giving was not a thing of the past, and the Committee expresses its appreciation to Mr. Smith most heartily.

The committee is also appreciative of the gift of all basketball goals and equipment from Robert Galloway.

ANNUAL REPORT OF TREASURER OF WALPOLE SCHOOL DISTRICT

From July 1, 1948 to June 30, 1949

Balance on hand July 1, 1948	\$3,336 87
Received from selectmen:	
Appropriation 1948-49	\$83,662 00
Dog tax	600 21

Actual cash on hand	\$8,830 53

LILLIAN G. SMITH,
Treasurer.

AUDITORS' STATEMENT

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Walpole, of which the above is a true summary for the fiscal year ending June 30, 1949, and find them correct in all respects.

MALCOLM D. WILLIAMS,
HAROLD T. KILLEEN,
Auditors.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Walpole School District:

I herewith submit my fifth annual report as superintendent of your schools:

It is a pleasure to be able to report that the schools are going very well this year. The total enrollment last fall was over fifty greater than in 1948. We were able to further double-up on some of the grades in the village thereby finding room for all the pupils without arranging an extra classroom in some other area in the town, which would be a poor arrangement, and one that would not be made for more than one year. In view of the fact that the new school was under way the teachers willingly cooperated in assuming the extra load and inconvenience. The high school enrollment is up this year due to an increase of non-resident pupils, particularly from across the river in Westminster and Kurn Hattin. It is hoped that the new building will attract more pupils from surrounding areas. The larger the enrollment the greater offering we can make and the more service we can offer the pupils and the community.

Last year we conducted a survey among those pupils who graduated from the eighth grade during the past several years. The purpose of the survey was to discover ways of improving the school through curriculum reorganization based upon the recommendations of these former pupils. The response to the questionnaire was not too gratifying, although we did receive more answers than is usual for this type of inquiry. Those who returned the papers were very frank in their replies and we are grateful to them.

We will not take the space to explain the survey in detail but will state that many helpful suggestions were

given. Nearly all were of the opinion that we needed a new school, and that they had gotten about as much from their years of study as they had put into them. Most were of the opinion that we should retain the present vocational courses, agriculture and home economics, some going so far as to mention that some phases of the work should be made available to all the students. Over fifty percent of those who replied felt that a commercial course should be added to the courses now being taught, and many felt somewhat resentful that they had had to take a general course or agriculture when the commercial work was what they really wanted.

During the past few years it has been customary to question the eighth grade each spring on the type of work they intended to take during high school in preparation for life. Invariably they have indicated a preference for commercial subjects, and each year they have had to be told that this was impossible due to lack of facilities and space. It is hoped that the district will provide the necessary funds to enable the school board to broaden the school curriculum through the addition of a business course. There is an initial investment for typewriters and office machines, new texts on business subjects and a few items of supplies. The major item will be a teacher's salary. After the first year it would be possible to set up a program for replacing a certain percentage of the office machines each year so that the burden wouldn't be too great in any one year and so that the equipment would be kept in first class condition at all times.

We have received some very favorable comments on our new school. The plans were on exhibition at the state school board association meeting last fall and at other occasions. The unit cost for this building is somewhat less, and in many cases much less, than the cost for buildings being constructed in other parts of the state. Costs in other states are double ours due to more costly design and inclusion of non-functional areas. The committee has spent many hours with the architect, contractors, specialists, and others in an endeavor to obtain the most for

your investment. Several alternates have been chosen in an effort to stay within the curtailed budget that was recommended last spring. It is felt that this school will be one of the best in the state for its size. The state department of education has been much interested in watching its development, and school board members from various communities have been encouraged to initiate building programs of their own after seeing the facilities that are going to be available to your children.

HEALTH

Inspection of pupils by Dr. William H. Tatem showed the following defects:

285 pupils were examined.

153 pupils were in need of dental care.

20 pupils were advised to have tonsil and adenoid operations.

1 pupil had sufficient wax in ears to obstruct the canal.

3 pupils had slight murmur, notation was made on pupils record so that this condition can be watched.

1 pupil had a skin condition, this was prescribed for and cured.

6 pupils had a squint of one or both eyes.

Inspection by the school nurse showed the following defects:

170 pupils were inspected.

85 pupils were in need of dental care.

9 pupils were advised to have throat and nose examination by a physician.

1 pupil had considerable wax in ears.

8 pupils showed poor posture.

4 pupils were unvaccinated, without proper excuse.

7 pupils had defective hearing.

16 pupils had defective vision—uncorrected.

149 pupils had dental care.

4 pupils had tonsil and adenoid operations:

11 pupils had eye examination and defects corrected.

REPAIRS

Except for North Walpole schools repairs have been kept to the absolute essentials. At North Walpole rather extensive repairs were made to the Elisha Keep building. A new porch with new underpinning and cement apron replaces the former unsafe entrance. Many of the old clapboards were replaced and the whole building was scraped, cleaned and given two coats of greatly-needed paint. The appearance is much improved. The fire escapes were also cleaned and treated to prevent rust. The old wooden toilet areas were replaced by cement ones which will be much easier to keep clean.

The fire exits of the John Kilburn building have been replaced or repaired to meet the requirements of the state board of health. Most of the window shades have been replaced, and the usual cleaning has been done. The children's furniture in the Keep building was all painted to increase the light intensity.

There are several things that might be done to increase the efficiency of the physical plant at North Walpole. It would be well to make a careful study of these two buildings to discover the best solution.

STATISTICAL REPORT
STATISTICAL REPORT FOR 1948-49

Total registration	471
Average membership	428
Percentage of attendance	93.35
Cases of traidiness	221
Visits by superintendent	723
Number of pupils not absent nor tardy	36
Visits by citizens and others	1,216
Half-days schools were in session	347

I wish to thank the members of the school board, teachers, parents, pupils and citizens for their continued support.

Respectfully submitted,
THERON B. THOMPSON,
Superintendent of Schools.

REPORT OF HEADMASTER WALPOLE HIGH SCHOOL

Mr. Theron B. Thompson, Superintnedent of Schools, Walpole, N. H.

Dear Sir:

I herewith submit my annual report as headmaster of Walpole High School:

REGISTRATION

	Senior High	Junior High
Number of pupils enrolled	94	44
Boys	47	23
Girls	47	21
Number transferred or withdrawn	4	2

Number not absent or tardy	13	8
Number of cases of tardiness	104	11
Percent of attendance	94.13	95.21
Non-resident enrollment	18	2

GRADUATES

There were sixteen graduates in the class of June 1949. Of this group two entered the University of New Hampshire, one Middlebury College, one Bryant and Stratton Commercial School, two Rutland Business College, one Fisher School of Boston, one Concord Commercial College, two Margaret's New Hampshire School of Beauty, four are working and two are at home. This is an unusually large percentage of a graduating group to be taking further training, at least double the State average.

SCHOLARSHIPS

Walpole High School is an approved New Hampshire High School which means our pupils are admitted to college on the same basis as any of the large school graduates. Our college recommending grade average is 85%. The passing grade is 70%.

I would like to call the parents' attention to the fact that applications for college entrances are still several times the number that can be accepted. The pupils rank in his class is one of the main factors used to determine whether he will be accepted or not, so all who hope to enter college should strive for higher marks.

HEALTH

The physical examination of pupils was carried on in the same manner as a year ago. All pupils in the odd year grades were examined by Dr. William Tatem, assisted by Miss Edgett, as well as those in the even years who play on an athletic team. By this system every pupil has a thorough examination by a doctor every second year. Miss Frances Edgett also checks eyes, hearing and weight gain or loss of all pupils each year.

AGRICULTURE

The School Fair was held in September sponsored by the agriculture course boys and home economic girls. As usual there were large exhibits of fruit, vegetables, livestock, canned goods, and craft work.

During the year the Future Farmers of America were very active. One project they sponsored outside of school hours was the school orchard. Their expenses and income on this project were as follows:

1. Spray, fertilizers, repairs and labor	\$338 36
2. Income from sale of apples, cash	\$1,079 37
3. Accounts receivable	12 60
Total of items 2 and 3	\$1,091 97

Of the total figure above \$400.00 was expended to send William Houghton, Thomas Kiniry, Harold Ramsey and Mr. William Lord to the F. F. A. National Convention in Kansas City, Missouri. Another \$100.00 of the balance is earmarked to go to Wesley Staples to buy a farm animal or chickens since he was unable to make the trip with the others. The boys named, under the guidance of Mr.

Lord, worked on the orchard during the summer months as well as during the school year. After Staples draws his funds there will still be \$241.01 left on deposit in the Walpole Bank to finance the care by another group of boys during the coming year.

The Walpole boys had a vegetable and livestock exhibit at Cheshire Fair last fall. Harry Tenney a graduate of a year ago was awarded The American Farmer Degree during this year for all around excellence in the field of agriculture. This is the highest honorary degree awarded by the National Future Farmers of America.

NOON LUNCH

The noon lunch program has been in operation since shortly after the Thanksgiving vacation. Mrs. Ruth Jeffery has been hired to prepare the meals and is doing an excellent job. We are serving over one hundred meals a day at twenty cents a meal and to date are operating without a loss due to free foods from the Federal Government to supplement our purchases. The menu is planned and records kept by Miss Jane Mills, the Home Economics teacher.

EXTRA-CURRICULAR ACTIVITIES

Two one-act plays were presented on the evening of the School Fair which paid the expenses of that undertaking as well as giving the cast a chance to develop along dramatic lines. We will again enter into competition with Charlestown and Vilas in a one-act play contest to be held in the spring.

Our boys basketball team has come along well after a slow start and we hope to again be admitted to the State Tournament. We have also sponsored a Junior Varsity team and a Junior High team. The girls have a varsity and Junior Varsity team with a good record.

A Student Council has been organized and we plan to turn many responsibilities over to them as fast as they demonstrate their ability to handle them. They have already sponsored several parties.

P. T. A.

The Parent-Teachers Organization is meeting the first Monday of each month and a fine program is outlined for the year. This group purchased seven cheer-leader costumes for the girls of the school and plans to buy a radio-Victrola or other suitable equipment for the new building. I would like to express my appreciation for these gifts on behalf of the boys and girls of Walpole.

NEEDS

Our building needs will be met in the new building but there are other changes that should be made. The first of these should be the addition of a commercial course. Note that $\frac{1}{3}$ of our last year graduates have entered business colleges. Our surveys of pupils wants indicate that 25% to 30% would be enrolled in such a course if it was offered.

Since industry does not want high school graduates at age seventeen to eighteen we should also look ahead to the time when we will have these people with us for another two years to learn a trade, and we should be making our plans for serving this group. I am also of the opinion that a thorough study of our whole curriculum should be made in order to subtract certain courses and add others. More definite schedules should be drawn up for the college preparatory group rather than allowing them to elect so many subjects. We also need to consider a policy on types of teaching methods. Where we have college preparatory, home economics, agriculture and general course pupils together in the same English, History or Math class, work should be planned on a basis of their group needs which means at least four groups working separately along the line of their needs and interests, after the general function or lesson has been taught. This would tend to step up the required work for the college group and slow down extras for those taking a general course.

It would be helpful to have a booklet or mimeographed bulletin prepared for each person in the school upon entrance to the new building. Such a booklet would

contain rules governing conduct, passing to classes, uses of the gym and locker rooms, care of furniture and general information on course selection, etc., all of which would tend to cut down any confusion when school begins next year.

In closing I would like to thank the people of Walpole, the School Board, the teachers' and Superintendent of Schools, for their fine cooperation, help and understanding given during the past year. The school as a result is running the best I have seen it in my three years here.

Respectfully submitted,
RALPH H. POTTER,
Headmaster, Walpole High School.

REPORT OF PRINCIPAL NORTH WALPOLE SCHOOLS

Mr. Theron B. Thompson, Superintendent of Schools,
Walpole, N. H.

Dear Sir:

I submit herewith my report as principal of the North Walpole Schools:

REGISTRATION			
Grade	Boys	Girls	Total
Kindergarten	9	7	16
I	8	10	18
II	10	4	14
III	13	5	18
IV	8	10	18
V	8	7	15
VI	7	7	14
VII	8	7	15
VIII	7	9	16
Totals	78	66	144

The enrollment in the North Walpole Schools has remained fairly constant over the last ten years, ranging from 140 to 150.

The attendance and tardy records of the pupils for the past year are in keeping with those of other years, in which the school has exceeded the state average.

I wish to thank the parents for their interest in seeing that this phase of the school program is kept on a high level.

SCHOLARSHIP

Social Studies has been placed in the curriculum this year, following the recommendation and outline of the State Board of Education.

This subject offers unique opportunities for the development of specific skills such as, the acquisition of abilities, the evolution of ideas, skills in communicating or expressing, and skills in human relationships and group processes.

It is hoped that by the introducing of this study into the curriculum that the following objectives will be developed in the pupils: (1) sensitivity to the world about them; (2) techniques, skills, and attitudes that will function now and later; (3) understandings, rather than mere memorization of isolated facts; (4) a desire for learning; (5) competencies in personal relationships.

The annual Diagnostic Tests in Reading and Arithmetic and the Graduation Test to the eighth grade were given in grades 3 to 8. The results were to a large degree satisfactory. The remedial work necessary, as revealed by the diagnostic tests, was taught and later tests showed a decided improvement in reading and arithmetic abilities.

Teachers' meetings are held periodically and the topic under discussion this year has been "Social Studies." We have attempted to set up the abilities and skills to be developed in the Primary group, the Intermediate group, and the Upper Grade group.

The teachers attended the State Convention at Manchester, N. H., as well as the District meeting held at Vilas High school. There are at present five teachers from the faculty taking extension courses offered by Keene Teachers College at Bellows Falls. These teachers are to be commended for their interest in their professional advancement and I believe that their efforts to try and improve themselves in their profession should receive some recognition by the School District.

ORGANIZATION

The annual year book was put out by the seventh and eighth grade pupils. That this year book was an improvement over the previous year, was the opinion of most of the critics who viewed the booklet. The present seventh

and eighth grade are now working on their year book, and according to reports a bigger and better book is in the offing.

Our patrol system was organized as in other years and thanks to the boys and girls of the two upper grades is operating as efficiently as in the past.

Assembly periods are held on the average of once a week. At these assemblies the students put on a program designed to develop their abilities of oral expression as well as other talents which they might possess. In order that the pupils may develop along social lines, parties are held at different times during the year.

In sports the school had a fine record. The boys were runners-up in the annual Junior High Basketball Tournament held at Bellows Falls, and went through the season undefeated in baseball. In recognition for their fine showing, the boys were given a sight-seeing trip to Boston and a delicious turkey banquet at Mt. Kilburn Inn.

The exhibit of Hobby and School work was held in May. Many of the parents availed themselves of the opportunity to visit the school, but again the number fell short of expectations. I make the suggestion that more of the townspeople should make an effort to visit the school on this occasion, as it is a source of encouragement to the pupils and will give them an insight on the work their school is trying to do. This year's exhibit will be the latter part of May.

Fire drills are given frequently in order to acquaint the pupils with the various exits from the building. During Fire Prevention Week the Fire Chief of the Village conducted a drill and he was pleased at the speed and orderly manner in which the children emptied the two buildings.

I wish to thank Mr. James T. Harty Sr. for making the armory available to us for basketball. Without this means, it would be impossible to carry on an important phase of our school program, the physical development of our boys and girls.

A check-up on the pupils of the village attending Bel-lows Falls High School, finds most of them doing acceptable work.

I strongly recommend that a moving picture projector be made available for the use of the school, for I feel that our pupils are missing a great deal without this important visual aid at hand.

The teachers and myself wish to thank the School Board, Superintendent, townspeople, and pupils for their invaluable cooperation in making the school year the success that it was.

Respectfully submitted,
JOSEPH Z. DUBE,

Principal.

VITAL STATISTICS

At the request of the Selectmen, there is submitted herewith a transcript of the births, marriages and deaths as recorded in the Office of the Town Clerk for the year ending December 31, 1949.

I hereby certify that the foregoing transcript of births, marriages and deaths is correct according to the best of my knowledge and belief.

JOSEPHINE P. WOODWARD,
Town Clerk.

FOREST FIRES—OUR MOST SHAMEFUL WASTE

Everyone apparently fears fires but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than 98 percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste".

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public—YOU!

The primary objective of all fire fighters is PREVENTION—fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

- (1) Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.
- (2) Securing the required written permit from the warden when the ground is not covered with snow.
- (3) Insisting that others be careful and comply with burning requirements.
- (4) Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

F. J. BAKER,
District Chief.

1949 FIRE RECORD—WALPOLE

Number of Fires, 0.

Acreage Burned, 0.

Number of fire permits issued, 34.

Respectfully submitted,

JOHN HARTY,
Forest Fire Warden.
